

NOBLE *Women*

Hope and healing for women, Angela Tooley is particularly passionate about relationships struggling with pornography or sexual brokenness. With passion and humor Angela shares her story of overcoming this hurt in her marriage. Hear how to handle, heal, and go on to live fully and joyfully in the Lord despite this struggle. See how God can even use our hurts to help others.

"Angela has the ability to deliver honest, relevant truths with a wonderful twist of dry humor. She never fails to teach me something new that I hold on to for a long time!"

"Thank you for bringing the Word into real-life application so that women can know and love God more fully and walk in freedom."

"Angela tells her story in a disarming way that encourages others to take risks and share their hurts and joys as well. I always want to hear more from her."

Forget the former things; do not dwell on the past. See, I am doing a new thing! Now it springs up; do you not perceive it? I am making a way in the wilderness and streams in the wasteland. — Isaiah 43:18-19
